23/24 Jogendra Garden Road, Kolkata 700078

## Objective

I am interested in software development and cloud computing. I know a bit of web development and machine learning till now. I wish to pursue further knowledge to be a full stack cloud developer/software developer.

## Education

**Delhi Public School Ruby Park Kolkata**

*April 2020 Passout*

CBSE 10, CBSE 12(Physics, Chemistry, Maths, Computer)  
10th- 93% ,12th-92%

**SRM UNIVERSITY KTR CAMPUS**

*2020-2024(Present 2nd year)*

B-TECH Computer Science and Engineering

## Projects

### Web development Project under Shape Ai

In this project I made a website in which I had listed details of an exemplary resume.

### Microsoft Excel Spreadsheet project under Shape Ai

I made a excel sheet presentation for data using various complex pictorial representation, graphs and figures.

### Web Development with Node JS under Shape Ai

I made a calculator website using Node JS for a local host server website and designed a simple calculator.

### Form Generator Project

In this project I made a website of form generator (just like Google forms) and used html,css and a bit of javascript for it. The project is available on my linked in projects section. I used complete front end skills.

## Skills

C

C++

Machine Learning

Microsoft Excel Sheet

Basic Web Development(HTML AND CSS)

Front End Development

Bootstrap
